Key Features

- Windows® Phone 7.5 for ease of use, social network integration and superb mobile office capabilities
- Vibrant 3.7" display with curved glass for easy swiping
- 8 mega-pixel camera with autofocus is ideal for quality pictures on the go
- Live tiles show you what's happening in your apps, your upcoming appointments and your social networks, so you can catch up on life with a single glance

Unique Selling Points

- **Stunning smartphone with an iconic look** - The Nokia Lumia 800 is the perfect device for when you're out and about. It gives you access to all your social networks, lets you work on the go and even helps you from getting lost.
- **Live socially and always be in the loop** - Out-of-the-box you'll have no need to open separate social network apps to see what's happening. The latest updates from Facebook® and Twitter™ are pulled together and displayed on your home screen.
- **Capture that perfect moment** - You can go from pocket to photo to Facebook in seconds and the 8 mega-pixel camera is ideal for quality pictures on the go.
- **Your office in your pocket** - Now you can catch up on work whether you're in the office or out and about. With Microsoft® Office Mobile you can create everything from Word and Excel to PowerPoint documents, so you'll no longer be chained to your desk.
- **Throw away your GPS** - Nokia Drive with turn-by-turn voice direction and Nokia Maps give you comprehensive mobile navigation and the insider knowledge to make you feel like a local while out and about (data charges may apply and downloading maps and updates using Wi-Fi is recommended)

Additional Features and Accessories

- Internet Explorer provides optimised web browsing for fast and smooth web browsing
- Nokia's First Windows® Phone
- Turn by turn, voice guided drive navigation
- 8 mega-pixel, Carl Zeiss camera with LED flash and auto focus
- 16GB internal user memory
