### Key Features

- Incredible 5.29" high-resolution capacitive display for amazing visuals and ease of use
- Draw and write straight onto the screen with your finger or included S Pen
- Super fast 1.4 GHz dual core processor that makes multi-tasking a breeze
- Advanced 8 mega-pixel camera with full 1080p HD recording

### Unique Selling Points

- **Super size me:** The generous 5.29" High Definition (1280 x 800) capacitive display provides you with a tablet-like web browsing experience. You'll have minimum scrolling and transitions to do, making it easy and practical to check your favorite pages
- **'S' is for sensational:** The S Pen combines with the full touch screen to create a best-in-class mobile input experience. S Memo lets you record all your ideas instantly. A quick memo can be taken from any screen to capture your ideas before they float away. Additionally, the S Planner provides you the tools to manage complicated schedules in an easy and intuitive way

### Additional Features and Accessories

- 16GB on board memory with expandable memory up to 32GB MicroSD
