BigPond Cable Home Network Gateway

Specifications:

- Modem, router and a Wi-Fi access point in one
- Great for families - everyone in a typical house can share the internet connection at the same time (each computer must meet minimum system requirements)
- Lets you be online from almost anywhere in a typical home, without the messy wires
- Connect multiple PCs, Macs, laptops and games consoles
- Create your own private wireless network within the home
- Quick and simple DIY installation - no need to be a technical expert
- Includes four ethernet ports for a wired connection
- BigPond® Ultimate® Cable Home Network Gateway available for Melbourne and Perth BigPond Ultimate Cable customers
