Key Features

- Powered by Android 2.3 with HTC Sense 3.0
- 4.3" qHD Capacitive touch screen
- 1.2 GHz Snapdragon dual core processor
- Dual 5 mega-pixel camera with auto focus and dual LED flash
- HD Voice compatible
- 3D and 2D HD Video recording (720p)

Unique Selling Points

- **3D without glasses**– view and capture photos and HD videos in amazing 3D on the stunning 4.3" qHD screen. You can even view these on your compatible 3D TV (glasses required).
- **Powerful and Effortless Performance**- HTC Sense 3.0 coupled with the 1.2GHz dual core processor means your apps start up swiftly and switching between them is quick and easy. Also, the smarter lockscreen and homescreen provide fast access to your important applications and the new weather animation needs to be seen to be believed.
- **3D Games and Youtube content**- entertain yourself and amaze your friends by playing the preloaded 3D games and viewing the growing library of 3D YouTube® content.
- **Faster Browsing**-better browsing with Adobe Flash Player 10.3 and a fast dual-core processor combined with 1GB RAM.
