Unique Selling Points

- **Display Excellence** – Equipped with a 4.3" Super AMOLED Plus display, the Samsung GALAXY S II sets a new standard of viewing quality with a brilliant colour gamut, contrast ratio, sharpness and response time – a true high quality viewing experience.
- **Dual Core Application Processor** - provides an ultra responsive mobile performance: high-speed multi-tasking, super-fast mobile web page loading, smoother UI, high performance gaming, playback of media encoded in full HD (1080p) and supports full HD (1080p) video recording.
- **HD Voice** - The Samsung Galaxy S II is one of the first Android™ smart phones to feature "High Definition Voice". HD voice helps suppress background noise and delivers higher quality sound for crisper, clearer conversations between compatible devices, only available in Australia on the Next G® Network.
- **Navigation**– With NAVIGON's turn-by-turn navigation, the Samsung GALAXY S II transforms into a premium navigation device. Using preloaded AU and NZ maps, and FREE map updates every 3 months (data download charges may apply) are included!** NAVIGON delivers 2D and 3D map views, turn-by-turn voice guidance, drive and walk modes and intelligent address search..
